

Bringing Together People, Buildings & Technology

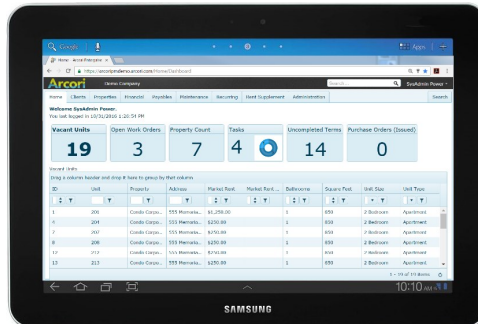

Custom Implementation Plan

At Arcori we believe that the implementation of any software package needs careful thought and a well-executed plan. Our modular architecture allows you to deploy the features or modules that are needed for your business. Our experienced team can work with you to craft a plan that will ensure the effective customization and roll out of the software.

Seamless Service Manager Integration

Arcori PM is the only system that will provide one click reporting into the new Integrated Housing system being rolled out in 2020 .

Mobile Ready

Arcori PM is designed to easily integrate with your mobile devices—Work Order and Purchase Order apps coming soon.

For more information on Arcori PM:

Arcori PM

Property Management Software

Arcori PM is an integrated Property Management and Accounting Solution that provides your organization with the tools to effectively manage your properties and streamline your operations.

Affordable Housing Compliant

Arcori PM has been specifically designed and developed to help Social Housing organizations overcome the unique challenges that they face. It has the ability to handle the rules, calculations and reporting requirements that are specific to the Social Housing sector—including upcoming RGI Changes.
